## CONSTRUCTION UPDATE

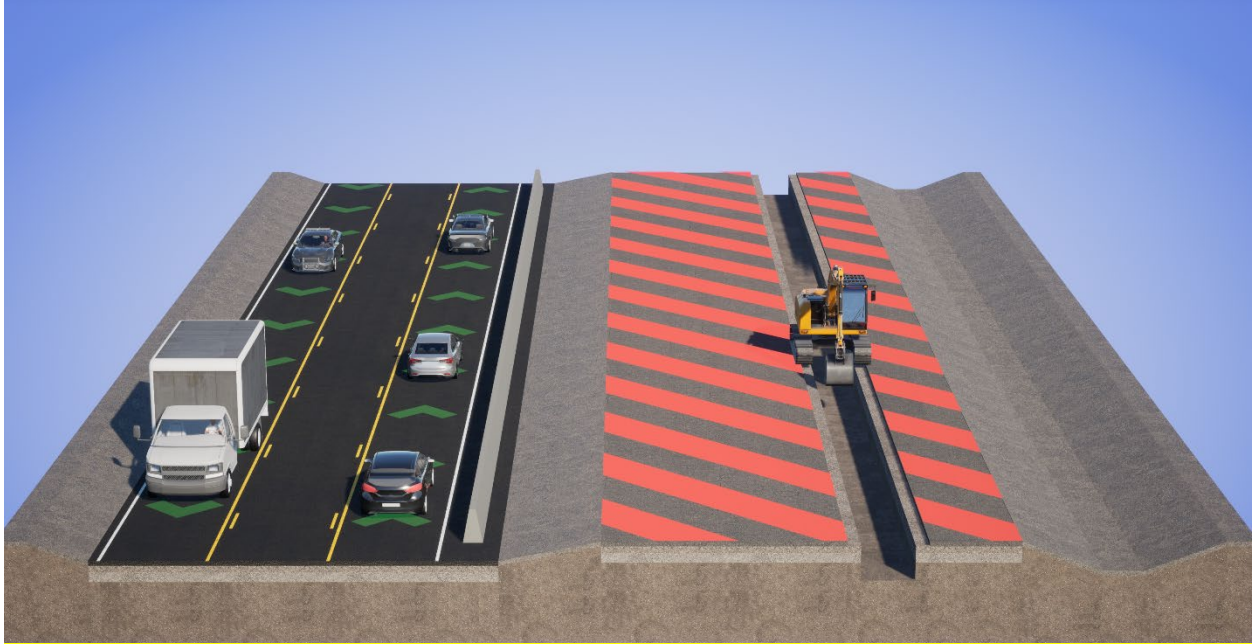

Construction continues to move forward along Memorial Highway, with the following updates:

- Utility work is ongoing, including construction of the 40th Avenue SE lift station.
- Memorial Highway traffic will transition to the newly constructed temporary roadway surface.
- 21st Street SE is expected to reopen to traffic around mid-July.

Please note that weather conditions and ongoing construction activity may cause schedule changes. Thank you for your patience as work continues.

Throughout the project, one lane in each direction and a center turn lane will remain open to help keep vehicles moving. The speed will be lowered to 25 mph and there will be an 11-foot width restriction. Please be aware that lane directions and locations will shift as crews continue to work on different sections of the roadway.

Please slow down in the work zone, pay attention to signage and crews, and continue supporting local businesses along “The Strip.”
